*GW/EDGE Outreach Partnership*

**Estimated cost:** \$2,000 + travel to and from Miami

**Application deadline:** November 30, 2011

**Conditions:** Primitive to rustic

Despite the relief support and media attention given to Haiti following the earthquake, the country still has enormous needs. The majority of women do not have access to adequate healthcare, birthing attendants or access to safe drinking water; all key women's issues in the developing world. Global Women's mission trip is a great opportunity to make a profound difference in the lives of Haitian women affected by these issues.

As a part of the GW team you will offer service, encouragement and support to Haitian women in a variety of settings including home visits, work in a medical clinic, health/hygiene education, and birthing attendant training. You may also help install a water purification system at a medical clinic! Your role is vital to this effort. As such, the team needs women with experience in healthcare, teaching and ministering to the needs of women.
